

ONEONTA CONCERT ASSOCIATION HISTORY

The year was 1928: Representatives from New York City's Community Concerts came to Oneonta to discuss their mission of bringing quality concerts to cities and towns throughout the U.S., and the first concert in Oneonta was on February 13, 1929. Some 400 excellent programs have followed, and the Oneonta Concert Association is still managed by community volunteers from the area.

OCA EDUCATIONAL AND COMMUNITY EVENTS

Part of OCA's mission is to provide informative presentations for students and the general community in connection with our concerts. In 2016-2017, OCA will offer educational activities with Koresh Dance Company and with jazz artist and composer Todd Williams. Oneonta Concert Association Young Artists will continue to be featured at OCA concerts and events in 2016-17. Arts Field Day, a day-long celebration of the arts in public schools, will also continue next season. Go to OCA's website, OneontaConcertAssociation.org, for more information about OCA outreach events.

While we attempt to present all programs as scheduled, OCA events are subject to change. *OCA holds all events in barrier-free facilities. If you have questions about concert access, email OCA at:* oneonta_concert_association@yahoo.com
